UNION PACIFIC SOUTHERN PACIFIC

When you use this straight road to San Francisco, convenient side trips land you in Yellowstone, our greatest National Park, also on the banks of Lake Tahoe, gem of the Sierras.

Journeys to both of these scenic wonders should be included in the education of every American. Each of them is famed the world over. Formerly thousands of travelers came from Europe, even from the mountains of Switzerland and from the lakes of Italy, to see these American marvels.

Even if there were no scenery, this would still be the route to the Pacific—shorter and faster than any other line, Chicago to San Francisco; more double track and automatic safety signals than any other line; lowest grades; fewest curves; superb roadbed equipment and service everything to make your journey safe, quick and luxurious.
